

ABOUT US

Dive into a world of relaxation, luxury, and self-care with our exquisite range of bath bombs. At BOX OF BEAUTY, we believe that every bath should be an indulgent escape from the stresses of everyday life. Our handcrafted bath bombs are designed to transform your ordinary bath into an extraordinary spa-like retreat, right in the comfort of your own home.

Imagine sinking your tired feet into tubket (Tub or Bucket) filled with fragrant, effervescent water that soothes your body, calms your mind, and leaves your skin feeling refreshed and rejuvenated. With our thoughtfully curated ingredients and captivating scents, this dream becomes a reality.

Discover the science behind our fizzing wonders, the magic of our natural ingredients and the artistry of our captivating designs. Unwell a world of colours, aromas, and sensations that will elevate your bath time to new heights. Indulgence awaits. The path to relaxation starts here.

BOX OF BEAUTY - Where Every Bath is an Experience!

UNLEASH THE UNEXPECTED BENEFITS

Bath bombs are not just about adding fun colours and scents to your bath; they hold delightful and surprising benefits that you might not be aware of.

Explore our collection to uncover these hidden joys and enhance your bathing experience.

A Treat for Your Senses and Skin

- **Moisturising Magic:** Bath bombs often contain essential oils and butters that can moisturize and hydrate your skin, leaving it soft and supple.

- **Aromatherapy Adventure:** The aromatic scents can uplift your mood, relieve stress, and promote relaxation, turning your bath into a spa-like retreat.

Surprise Elements for Health Benefits

- **Muscle Relief:** All our bath bombs contain Epsom salts, which can soothe sore muscles and reduce tension after a long day.

- **Improved Circulation:** The effervescence and massaging effect of bath bombs can help improve blood circulation, promoting overall well-being.

***It's important to note that individual reactions to bath bomb ingredients may vary, so it's a good idea to check the ingredients list for potential allergens and perform a patch test if you have sensitive skin. Additionally, some people may prefer to choose bath bombs with natural and skin-friendly ingredients to avoid potential irritants.
